WHITSUNDAY CROCODILE SAFARI

SEE CROCODILES IN THE WILD! Let Proserpine River Eco Tours' Whitsunday Crocodile Safari take you on a unique and exciting, naturally Australian day trip into the realm of the Saltwater Crocodile.

There's even more to the Whitsundays than the reef and islands...local estuaries and wetlands stretch from the coast to Proserpine River, located in the Whitsunday marine park. This is home to many species of native birds, mammals, reptiles and marine animals. Proserpine River Eco Tour's campsite base is situated on the bank of Proserpine River, surrounded by mangroves, forest and flood plains. We have a covered tent area, with tables, chairs and toilet facilities.

The Safari features a calm water river cruise giving you the opportunity to spot some of our 150 estuarine crocodiles lazing on the muddy banks. With the help of our professional, local guides, you will learn how a mangrove eco system works and meet some of our interesting inhabitants.

As you travel across Goorgangs Plains on our tractor-drawn wagon-train, enjoy a panoramic view of this nationally listed wetland habitat and experience unique Australian scenery and wildlife. You will travel through flood plains, pastures, saltpans and melaleuca forests.

With freshly made bushman's billy tea and damper for morning or afternoon tea and a traditional Aussie barbecue lunch, your naturally Australian experience will be complete.

Whitsunday Crocodile Safari is an all weather operation and we carry a maximum of 36 passengers per vehicle. The Safari is fully guided with comprehensive commentary offered throughout the day.

PO Box 568, Airlie Beach, Queensland, 4802 Australia
